President's Message

Spring will be arriving shortly. Take advantage of all that BNC has to offer – the excellent study groups, visiting lecturers and wonderful trips. Enjoy the friendships that develop from your participation in our programs.

We shared pride in the Nobel Prize of Professors Michael Rosbach and Jeff Hall. The BNC is also celebrating its 70th year. We continue to be strong and an integral part of the University.

Please support the Magnify the Mind: Advancing Neuroscience Research Campaign. The \$500,000 two-photon microscope will allow Brandeis researchers to observe the brain in real time. Biologist Suzanne Paradis' lab recently discovered a treatment for epilepsy, reducing seizures. Paradis, among other researchers on campus will be utilizing this new technology to help understand and ultimately cure neurodegenerative diseases.

We have planned a joint trip with the Art Appreciation Club to the Zimmerli Museum in New Brunswick on March 29, 2019. The trip will include the bus fare, admission to the museum, a docent for the morning exhibit, followed by lunch, then another docent for the afternoon exhibit. The cost of this trip is \$60.00. Please join us for a wonderful day.

Thank you for your continued support of Brandeis University.

Mildred Schneider,
Presidium, March-April

The Nominating Committee's Report

SLATE OF ELECTED OFFICERS - July 1, 2019-June 30, 2020
