### **ZOOM DIRECTIONS**

*Click on the link and wait to be admitted: there are a lot of us so it may take a little time. Be sure to find the small picture of headphones to turn on the audio portion. There may be a video icon you may have to turn on as well assuming you have a video camera. They might be at the bottom left or the top right, depending on your equipment. If your equipment lacks a camera/microphone, you may still be able to see and hear the group but not to participate.*

*There is also a square to click on for Gallery view. That allows you to see everyone on your screen. Make sure your volume is turned up on whatever device you are using.*

**Note:** *If you are a first time Zoom user you may be asked to download Zoom before you can sign in.*
