Is it over yet?  
No....

Our programs are just warming up!

President’s Message

Words! Words! Words! How our vocabularies have altered! Foremost in our minds are vaccines, masks, and technology! Though it’s taking a little time, we are all slowly getting vaccinated, and we’ve all patiently learned to wear our masks. Most importantly, we’ve all become much more proficient at technology! And certainly, we are grateful to our scientists and doctors for their accomplishments!

We will continue to enjoy the virtual programming that our Learning Opportunities VPs, our Special Events VPs and our Subcommittee Members have planned. Funds raised through Learning Opportunities goes straight to Chapter operating expenses, and Special Events attendance charges are donated to the Brandeis University Special Fundraiser-Honoring Our History-the library’s digital leaning system.

As we look towards the spring with great anticipation, our Zoom attendance will continue to keep us all close. Our boundaries have been extended for members and speakers alike. I’ve personally enjoyed meeting members and listening to speakers from all over the globe. It’s made our world smaller. As Disney pointed out long ago, "It’s a small, small, world!"

Brandeis University continues to need our help! We’ve discovered that we can be anywhere and attend local, regional, and national programming. If you are someone who needs a little help with the computer or getting on Zoom, please call me. As your President, I want us all to be together! Stay healthy, happy and ZOOM!

Adele Giller,
President

Gabriel Allon, master art restorer turned Israeli assassin, investigates the death of the Pope, the disappearance of a Swiss Guard, a missing letter, and a book. Alleged Islamic terrorist attacks are occurring in Berlin during a contested Chancellor election. Antisemitism is on the rise. The conclave is convening to pick the new pope. For almost 2000 years, the Jews have been blamed for the death of Jesus. What if the gospel of Pontius Pilate, the Roman prefect that ordered the death of Jesus on the cross, existed? What would it reveal? What if blaming the Jews for the death of Jesus is the longest lie that was perpetuated by the role of the Catholic Church? Would the awful and hateful Anti-Semitism that has continued to plague the Jews to this day exist?

Rabbi Fratello brings us an introduction to the fascinating world of Kabbalah.

What is Jewish Mysticism and what can it teach us about the world today?

Rabbi of Temple Shaarei Shalom in Boynton Beach for more than twenty years, Anthony Fratello has served as President and Treasurer of the Palm Beach County Board of Rabbis, as well as board member of the Jewish Federation of Palm Beach County, the Mandel Jewish Community Centers of the Palm Beaches, and the Friedman Commission for Jewish Education. He has written for the Union for Reform Judaism’s Blog and a variety of other publications.

Hebrew the official language of the US? The battle of Valley Forge and Chanukah? Ivy League colleges and the Jews? The Declaration of Independence in Hebrew? The Sanhedrin and the Supreme Court? The Magen David on the dollar bill? There is so much more to discover on the Jewish connection to our freedom. Learn all about it with Andy.

A sought-after speaker and trainer on secular and Jewish topics, Andy Greenberg reached millions as a national and local radio personality, weekly TV talk show host and author. His motivational messages were heard daily for years on radio stations with millions of listeners, He has well earned the title “the most listened to speaker in America.”

This session will be recorded for your convenience.
It was a year that was! 2020 was one of the most difficult years that many of us have faced in our lifetime. Worldwide, people were harassed and threatened for their religious beliefs as well as for the color of their skin. The pandemic was everywhere; doctors, nurses and all essential workers bravely never stopped working long hours and difficult days fighting to keep people alive. There was food insecurity as people lost their jobs and even their homes. With several vaccines being distributed now, science has shown us to never give up hope for a healthier and safer tomorrow.

History has shown us that when facing terrible times, brave people met the challenge by their actions so that "Never Again" can be spoken, and action taken in our own time.

This month Honoring Our History is highlighting the Jewish Resistance Collection. This Collection contains a range of materials including underground publications, both printed and mimeographed, by German Communist and French Jewish resisters to the Nazi regime before and during WWII: International post-war reports (governmental and non-governmental) documenting the persecution and extermination of Jews and the course of several Nuremberg trials: Nazi paraphernalia, and contemporary post-war magazine and newspaper articles on Jewish resistance during the Holocaust. Clandestine publications in the collection deal with a range of issues, from major wartime events to the activities of Jewish resistance organizations. One such publication, a German antifascist pamphlet from 1933, is cleverly disguised as an owner's manual for an Electrolux vacuum cleaner. Materials are in various languages: English, French, German, Hebrew, Russian, Spanish, and Yiddish.

Preserving, digitizing, and describing these materials to make them discoverable is a considerable effort with many layers of effort without which these materials risk permanent deterioration and would be hidden from much of the world's view.

Let's start off the New Year by making a donation to Honoring Our History that will help make sure this horrendous time is history is never forgotten.

Want to learn more about our Honoring Our History Campaign? Check out this Honoring our History campaign on the BNC website.

Thank you for your support in 2021.

Born in Prague, and emigrating to the United States, the author pens the compelling story of her extraordinary life. She offers insight as an immigrant, an American Jew, a working woman, wife, and grandmother. She speaks to major issues of our times, from immigration to gender politics.

Hadassah will be joined in conversation by Sylvia Friedman, the Joseph and Esther Foster Professor in Judaic Studies.

Hadassah is appearing on the publication of her new book, *Hadassah, An American Story*.

It will be published by Brandeis University Press on April 14, 2021.

Tribute Card Information

BNC is doing e-tributes! To keep everyone healthy during this pandemic, our National Office Staff is working from home. Therefore, all chapters are sending out nicely designed e-tributes using BNC templatesto honor people. These donations continue to purchase thousands of books and journals each year.

Exciting News!
Our in-house artist, and an in-house photographer are busy designing a set of cards which will be ready for chapter use by spring!
These cards will be suitable for:
- Honoring the life cycle events
- In Memory of (someone close to you).

What a lovely way to honor or memorialize someone, celebrate events and at the same time donate to our Book Fund! We can hardly wait to offer this project!!

Thank you for our very hard working and creative committee!
