Did you know that years ago, while I was president of our Brandeis chapter, we partnered with another chapter to run a book shop in the shopping mall on Lake Worth and Jog Road? We collected used books in good condition and priced them to sell. This was before the advent of the Kindle Reader. Our customers were still excited about holding a real book in their hands. We had volunteers from both chapters to open and close the shop, sort out the many donations of books, price them and shelve them. It was not an easy task.

The shop was open 6 days a week from 10 to 5 and yet so many of our members were eager to help. They came to love the shop, the comradeship, the books, and the returning customers who truly appreciated the affordable books. It was a very profitable venture for several years.

Unfortunately, when it came time to renew our lease, the management had changed and demanded a much higher rent. So, we decided it was no longer beneficial to continue. Many people came to me afterwards and expressed their disappointment as they so looked forward to being a part of this experience. It was great fun while it lasted and profitable as well.

I can say, without a doubt, that those who continually volunteered to work in the book shop found the experience to be both rewarding and inspiring. On behalf of our chapter, I would like to take this opportunity to thank all our members who were so dedicated to this venture. Once again, you made a difference for those students who depend on the funds raised by the Brandeis National Committee to pursue their education at an outstanding university.

Many thanks, Carol Brecher

Message from the BNC President

On Nov. 3, 2016, I had the honor of representing the Brandeis National Committee at the Inauguration of the ninth president of Brandeis, Ron Liebowitz. This was one of the most exciting and exhilarating days I can recall.

After spending time on the Brandeis campus for the Inauguration and to attend Board of Trustees meetings, I came away feeling more optimistic about the University’s direction than ever before.

In his inspiring Inaugural address, Ron emphasized Brandeis’ Jewish roots and openness to all, as well as the University’s commitment to academic excellence in the liberal arts and world-class knowledge creation by our outstanding faculty.

Ron also understands the special role that the Brandeis National Committee has played in building and sustaining the University. His Aunt Estelle has been a proud member of our Concordia chapter in New Jersey for many years.

As national president of the BNC, I am also your representative on the Brandeis Board of Trustees. I am very enthusiastic about the new leadership at the university and Ron’s vision for the future.

I hope you enjoy reading Imprint and learning more about the important work we do on behalf of the university.

With warm regards and many thanks for all you do for BNC.

Cordially,
Madalyn Friedberg
